

REMARKS

Applicants respectfully request entry of this Amendment prior to issuance of the patent. The amendment made to claim 1 corrects a minor informality in which first and second pairs of electrical contact pins were later referred to as electrical contacts. The claim contained no antecedent basis for "the first and second pairs of electrical contacts." No new issues are raised, and no new matter is added, with this Amendment.

Applicants respectfully request consideration and allowance of claims 1-4 and 6-23.

Respectfully submitted,

WESTMAN, CHAMPLIN & KELLY, P.A.
